Downers Grove South Marching Mustangs

The Marching Mustangs of Downers Grove South High School are proud to present their 2004 Competition show, "Portraits of Chicago." After an opening fanfare of the familiar Chicago melody, the show begins with an arrangement of "Noisy Wheels of Joy," by American composer, Eric Whitacre. The music simulates a ride through Chicago on the famous "L" or elevated trains, including at one point, a stop along the way. The show continues with a nod to the pride of Chicago, it's two baseball teams the Cubs and White Sox. Featuring an arrangement of the tune "Pastime," by American Composer Jack Stamp, the music hints at the two teams with some musical clips, and continues with variations on the baseball classic, "Take Me Out to the Ball game." The show concludes with a tribute to one of Chicago's most famous contributions to American culture, Jazz music. An arrangement of Adam Gorb's "Away Day" takes the listener through a variety of jazzy melodies, harmonies and rhythms that culminate in a percussion feature.
