

Alma Mater

**O Downers South, to thee we sing in praise eternally;
And with our strength we'll strive to bring
Thee fame and victory. O fill our hearts with loyalty
That we may all be true; and ever hold in memory
Our colors, blue on blue.**

**O Alma Mater, through the years, when we are far away
We'll cherish all the fellowship you offer us today.
The love of learning foster here, the joy of friendships too,
Will linger on in memories, O Downers South, of you.**
